

§ 301.75-7

may also specify additional conditions determined by APHIS to be necessary in order to prevent the dissemination of citrus canker under which the nursery stock must be grown, maintained, and shipped in order to obtain a certificate for its movement. The compliance agreement will also specify that APHIS may amend the agreement.

(2) An inspector has determined that the nursery has adhered to all terms and conditions of the compliance agreement.

(3) The nursery stock is accompanied by a certificate issued in accordance with § 301.75-12.

(4) The nursery stock is completely enclosed in a sealed container that is clearly labeled with the certificate and is moved interstate in that container.

(5) A copy of the certificate is attached to the consignee's copy of the accompanying waybill.

(d) Regulated nursery stock produced in a nursery located in a quarantined area that is not eligible for movement under paragraph (b) or paragraph (c) of this section may be moved interstate only for immediate export. The regulated nursery stock must be accompanied by a limited permit issued in accordance with § 301.75-12 and must be moved in a container sealed by APHIS directly to the port of export in accordance with the conditions of the limited permit.
